

MARK TAYLOR

He put the interests of the radical homosexual lobby ahead of our Boy Scouts.

When the Boy Scouts were being harassed by the radical homosexual lobby who wanted them ousted from public buildings, the "Defense of Scouting Act" was introduced. This law would prevent the public facilities in Georgia from denying access or accommodations to Boy Scout meetings. Instead of standing up for our values and our boys, Democrat Mark Taylor killed this important piece of legislation by refusing to even allow a vote in the State Senate. Mark Taylor -- the Choice of Extreme Liberals like Cynthia McKinney

Some of the most radical, liberal figures in politics, like Cynthia McKinney, have endorsed Mark Taylor for Governor. Taylor has pocketed \$5,000 from an organization that promotes late-term partial-birth abortions and opposes parental notification laws. Now you know why Mark Taylor is the choice of extreme liberals.

An actual Republican mailer.

Don't forget to vote.
